The course includes lab videos where students observe experiments that demonstrate the concepts they are learning. Course Topics Include: Objects in Space; Forces and Movement in Space; Force and Motion; Newton's Laws and Energy

Grade 6 Science - Acellus Learning System

Math turns into geometry and calculus. Science turns into biology and chemistry and physics. Geography, meanwhile, turns into... well, nothing. What we're trying to say is that, if you walked up to your average sixth grader and challenged them to a geography bee, you'd get smoked. It wouldn't be a fair fight at all.
