PLANTING BY THE MOON - PLANTanswers

planting-by-the-moon is "Do what you want to do!", "Do your own thing!", and "If it feels good, do it!" Common sense should also be incorporated into the planting-by-the-moon philosophy The danger of using the moon solely as a planting guide is that regional ...

Hawaiian way is to let moon guide planting

There is more to the moon over Hawai'i than just our gorgeous evenings For years, Hawaiians have used the 295-day cycles of mahina (the moon) to determine, among other practices, when to plant crops The Hawaiian moon cycle is divided into three anahulu (10-day weeks) The first night of the cycle is the night after the new moon

Louisiana - LSU AgCenter

For intensive culture or "wide row" gardening, use the larger "in row" spacing and allow enough room between rows so that when the plants are mature, they will barely be touching those in the neighboring row Remember that yield, quality and pest control normally will be superior if ...
