Auctions Law and Legal Definition. An auction is a public sale of property where the contract of sale is formed by means of competitive bids, submitted, and confirmed according to the pre-established terms and conditions that govern the auction sale. The auctioneer is the person who conducts the sale and is compensated for such services.

Auctions Law and Legal Definition | USLegal, Inc.

The legal definition of an auction is a public sale of property to the highest bidder. The underlying purpose of an auction sale is to obtain the best financial returns for the owner of the property and to allow free and fair competition among bidders.

The Law of Auctions | Stimmel Law

Auction contracts are agreements between a seller and a buyer, in which the seller agrees to sell an item or property for the highest bid and the buyer agrees to pay it. They also take place between the bidder and the auctioneer. Auctions consist of one seller and a number of potential buyers, so the property is sold to the highest bidder.

Auction Contracts: Everything You Need to Know

Auction License Laws by State. By Estate Saler. Before conducting any kind of auction, it's important to make sure you're compliant with your state's auction license laws. Here's a caveat: laws can be tricky to interpret with plenty of "grey" areas. Between auctioneer licenses, business licenses, and online auctions, it can be difficult for an auctioneer or estate sale company to know what their state's regulations are.

I've studied auction law and customary practice over 30 years; there isn't a day I don't think about the subject. Specifically, we've looked closely at court cases which have concerned -- and in many cases provided precedent in regard to -- the auction industry. We offer a class titled "Auction Verdicts" which we've presented all...
