Extreme Programming Refactored The Case

In buying "Extreme Programming Refactored: The Case Against XP", I expected a critical (case against XP), yet constructive (refactored), view on this popular Agile development methodology. What I found instead were copious amounts of sarcasm, irrelevant song lyrics, and enough icons and sidebars to make you lose track of the topic.

Extreme Programming Refactored: The Case Against XP: Matt ...

Extreme Programming Refactored: The Case Against XP (featuring Songs of the Extremos) takes a satirical look at the increasingly-hyped extreme programming (XP) methodology. It explores some quite astonishing Extremo quotes that have typified the XP approach quotes such as, "XPers are not afraid of oral documentation," "Schedule is the customer's problem," "Dependencies between requirements are more a matter of fear than reality" and "Concentration is the enemy."
