The TI in Focus program supports teachers in preparing students for the AP ® Calculus AB and BC test. Our library of files covers free-response questions (FRQ) from past exams through the lens of graphing technology. Below you'll find released AP ® Calculus questions from the last few years. Each section (or module) leads to a page with videos, downloads and learning objectives related to each free-response question.

### AP® Calculus Resources - Texas Instruments

Tools for Enriching Calculus (TEC) functions both as a powerful presentation tool for instructors, and as a tutorial environment in which students can explore and review selected topics. The simulation modules in TEC include audio explanations of the concept, along with exercises, examples, and instructions.
